

DATA SET 401A
TRANSMITTER
DESCRIPTION AND OPERATION

1. GENERAL

- 1.001** This addendum supplements Section 594-010-100, Issue 6.
- 1.002** This addendum is issued to modify paragraph 3.10.

3. OPERATION

- 3.10** The transmitting level for each tone is fixed at approximately -9 dBm. As two tones are simultaneously transmitted when in the data mode, the *total* power output to the line is approximately -6 dBm.
