

**NUMERICAL INDEX — DIVISION 596  
600 SERIES DATA SETS AND ASSOCIATED SERVICES**

**1. GENERAL**

**1.01** This section provides an index of System-issued sections in Division 596.

**1.02** A bullet (●) indicates an item that has been added or changed since the previous issue of the index.

**1.03** A square (□) indicates a canceled item. Information relating to the cancellation, if necessary, will be shown in a note following the item. Canceled items and related notes will be deleted upon reissue of the index.

**1.04** A heart (♥) indicates a new or reissued item which, because of its limited need, has not been distributed on standing orders. Locations requiring these items should place regular (one-time) orders for them.

**1.05** A spade (♠) indicates an item not on microfiche. This index indicates the latest issue for hard-copy BSPs. In some cases, the microfiche BSP will reflect the next higher issue as a result of the reduced distribution interval.

**1.06** "Add" is the abbreviation for Addendum.

**2. LAYERS**

**2.01** This division is arranged in layers as follows: (see subdivisions).
