

## P.B.X. SWITCHBOARD CARD RECORD

### 1. GENERAL

1.01 This addendum changes Paragraph 6.01 to make it refer to a battery test date instead of a transmission test date. The wording of Paragraph 6.01 should be changed to read as follows:

6.01 Last Bat. Test Date. On this line is entered the date on which the switchboard was last tested for battery requirements.

1.02 Form E-2497 has been printed to conform to the revised Paragraph 6.01.
