1. Purpose and Scope

This Practice provides the assignment of CLLI codes for the indicated geopolitical area or areas.

This Practice is directed to those who need to know the CLLI Codes for a particular geopolitical area or areas for assignment, description, and/or application interface requirements.

2. Reason for Issue

This practice revises and replaces BR 795-180-100, Issue 25, in its entirety, and supercedes all other documents alleged to provide assignment of CLLI Codes within associated geopolitical areas.

3. General

COMMON LANGUAGE Location Codes are developed and assigned by Licensees of CLLI Codes at the Support Level, or by the Telcordia COMMON LANGUAGE Products Business Unit for Basic Level Licensees or companies with a Letter of Agreement, upon request.

COMMON LANGUAGE Location Codes are maintained in an on-line master database by the Telcordia COMMON LANGUAGE Products Business Unit.

COMMON LANGUAGE Location Codes provide a standard for use in manual and mechanized environments.

COMMON LANGUAGE Location Codes become an integral part of the various applications of manual, mechanized, and centrally developed systems.

Questions concerning codes contained in this practice, and requests for new CLLI Codes, should be directed through the Telcordia customer COMMON LANGUAGE Location Code contact (or designee) to the Technical Advisory Group CLLI Codes Chairperson of COMMON LANGUAGE Products Business Unit, Telcordia.

Details concerning the type of information needed for creation of CLLI Codes is contained in BR 795-100-100, *COMMON LANGUAGE® Location Codes (CLLI™ Codes)—Description for Location Identification.*

Licensees of CLLI Codes or companies with a Letter of agreement may either mail or submit a fax for COMMON LANGUAGE Location codes to the Customer Service Center as indicated in the table below.
