958-920-100 Code 3	1		Test Set Type Facilities For Registers and Senders
958-930-100 Code 3	1		Line Verification Circuit

Section 958-000-000 is a new section providing a numerical index of System-issued sections in Division 958 covering general descriptive information for No. 5 crossbar offices. This Division has been established as a result of the conversion of the 950 Series.

Section 958-150-100 is a new section which describes the new switching concepts of 4-wire private line switched communications networks using 4-wire No. 5 crossbar and associated systems facilities.

With the exception of the two sections described above all sections transmitted with this list have been converted from the 950 Series without raising the issue number.
