IMPORTANT SERVICE INFORMATION

Dear Customer:

The following information is provided to allow us to better meet your service needs. This information should be retained and the directions followed as indicated.

In Case of Trouble

Limited Warranty Service during the 90-day warranty period may be obtained from AT&T Information Systems technicians or by returning the product to an authorized AT&T computer dealer.

In the event that you have a problem with your unit and want to have it repaired or require maintenance, you may return the product to an authorized AT&T computer dealer, or contact the AT&T Information Systems Service Organization by calling **1-800-922-0354** (unless special instructions have been provided to you). If you are located outside the Continental USA, please call: **201-668-6025**. The individual answering will provide you with specific instructions depending on your individual needs and maintenance contract options.

Equipment Maintenance Agreements/Plans

AT&T Information Systems offers six Equipment Maintenance Agreements/Plans:

- **Business Day Service:** Contracted; five day (M-F) 8 a.m. to 5 p.m., Systems Technician dispatched to customer's location, if required, for equipment repair. Time charges apply outside coverage period.
- **Around-The-Clock Service:** Contracted; 24 hours a day, seven days a week on major failures with Systems Technician dispatched to customer's location, if required, for equipment repair.
- **Dedicated Service:** Technician dedicated to specific location in one, two, or three-shift coverage, for 5, 6, or 7 days/week.
- **Mail-In Exchange:** Contracted; like-for-like exchange of major customer replacement modules.
- **Per Occurrence:** Non-contracted; technician dispatched to customer's location, charged on time-and-material basis. Time only is charged for contracted customers who want service out of contracted hours.
- **Mail-In Exchange:** Non-contracted; like-for-like exchange of major customer replaceable modules on a per occurrence basis.

Software Maintenance Agreements/Plans

AT&T Information Systems offers four Software Maintenance Agreements/Plans:

- **Remote Only Service:** Contracted; five day (M-F) 8 a.m. to 5 p.m. for customer software assistance. Time charges apply outside coverage period.
- **Business Day Service:** Contracted; five day (M-F), remote telephone service with Systems Technician dispatched to customer's location, if required, for repair. Time charges apply outside coverage period.
- **Around-The-Clock Service:** Contracted; 24 hours a day, seven days a week on major failures with remote telephone service and Systems Technician dispatched to customer's location, if required.
- **Telephone Hotline Assistance:** Call-units of time may be purchased as needed; the minimum purchase is for four call-units (fifteen minutes each). VISA, MasterCard, and American Express are the only acceptable means of payment unless you have an AT&T Customer Identification Number (CIN), in which case you may receive direct billing from AT&T.

PARTS LIST

This catalog is a list of the AT&T UNIX PC parts that you can order by placing a toll-free call to the National Parts Sales Center. It details the major customer replaceable modules of the AT&T UNIX PC. More extensive information is available in the Service Manual (see Parts List that follows). The ordering information is organized with the following headings:

- **Part Number (Comcode):** This is the Part Number of the item you wish to order.
- **Description:** Briefly describes the part.

Ordering

To place an order for parts with the AT&T Information Systems National Parts Sales Center, you need to know the following information:

1. Customer Identification Number _____ and Branch Code _____. These were established when you purchased your system from AT&T Information Systems. If these numbers are not already written in above, the National Parts Sales Center can provide them when you place your initial order. For reference when placing future orders, be sure to note these numbers in the space provided.
2. If the product was initially purchased from an authorized AT&T computer dealer, the National Parts Sales Center will accept a VISA, MasterCharge, or American Express credit card.
3. System Name/Price Element Code. This information is in Bold Type on the top of the Parts List.
4. Part Number. This is the individual Part Number(s) that you wish to order from the Parts List.
5. Where to Place an Order. Call National Parts Sales Center, toll free, **1-800-222-PART**. Hours are 8 a.m. to 5 p.m., Monday through Friday in all U.S. time zones.

Warranty

All parts carry a 90-day warranty from the date of purchase. AT&T Information Systems will replace any defective part free of charge within the warranty period. A specific warranty statement is provided with the part.

Shipping

Parts are normally shipped within 24 hours of order by Surface Carrier, unless Air Freight is specified. All parts are shipped F.O.B., destination. Freight charges are prepaid and added. Sales tax is added, per your locality.
