PLANT FORCES

NOTES CONCERNING THIS ADDENDUM

This addendum supplements the information contained in Part 4 to permit the use of hand signs to aid in the control of vehicular traffic as well as the standard red warning flag.

The cross-reference "See Addendum" should be written in Section G10.370 at Part 4, which is replaced.

4. SIGNALS TO TRAFFIC

- 4.01 Where it is necessary to station workmen to warn or control vehicular traffic, they shall use either the standard red warning flag or the standard traffic control hand sign.
