

PLACING POLES

FACING POLES

NOTES CONCERNING THIS ADDENDUM

This Addendum has been issued to indicate that the method of constructing an open wire dead-end as illustrated in G21.135.1 is not standard in this Area.

The cross-reference "See Addendum" should be written in G21.135.1 at Paragraph 4.03 which is supplemented.

4. FACING OF POLES CARRYING OPEN WIRE

4.03 Figure 6 illustrates the method of facing poles at open wire dead-ends. The method of constructing dead-ends which is standard in this Area is covered elsewhere in the practices.
