ADDENDUM G50.244.3
Issue A, April, 1949-S
T. P. T. & T. Co.

CABLE GENERAL - TESTING

PRECAUTIONS IN TESTING COAXIALS

NOTES CONCERNING THIS ADDENDUM

This addendum supplements Section G50.244.3 with an additional precaution to be observed when testing coaxials.

The cross-reference "See Addendum" should be written in Section G50.244.3 following Paragraph 2.08 to indicate the addition of new information.

2. PRECAUTIONS

2.09 The high voltage test sets used to test coaxials shall be set up on a rubber blanket and the tester shall stand on the rubber blanket when operating the equipment.
