

CABLE SPLICING - GENERAL
LEAD SLEEVES - STRAIGHT SPLICES
ALUMINUM CONDUCTOR CABLES

NOTES CONCERNING THIS ADDENDUM

This addendum is being issued to correct non-standard sleeve lengths listed in the table in part 2 of Section G50.623.2.

2. TABLE

2.01 In the table under the column titled "Length (Inches)" for 20 Gauge Cable, the specified length (15 inches) for the 1-3/4 inch sleeve shall be corrected to read 17 inches. The specified length (17 inches) for the 2-1/2 inch sleeve shall be corrected to read 20 inches.
