ADDENDUM G50.637.4

Outside Plant Construction Issue A, September, 1947-S
and Maintenance

GENERAL CABLE SPLICING
SPLICING B DISTRIBUTION CABLE TO
PAPER-INSULATED CABLE

NOTES CONCERNING THIS ADDENDUM

This addendum supplements Section G50.637.4 with modifications in the tape wrapping procedure at splices of B Distribution Cable.

The cross-reference, "See Addendum" should be marked in Section G50.637.4 after paragraph 5.08 to indicate the addition of new instructions.

5. WRAPPING SPLICE AND PLACING LEAD SLEEVE

5.09 Apply two half-lapped layers of friction tape over the outermost layer of B tape and paint thoroughly with No. 2 asphalt paint to which has been added 1/4 pound of aluminum powder per pint of paint.
