LEAD SHEATH CABLE
INSTALLING CONDENSERS

NOTES CONCERNING THIS ADDENDUM

This addendum supplements Section G50.681.2 with additional information about the box for housing the KS-6847 condenser.

The cross-reference, "See Addendum", should be written at Paragraph 2.02 which is supplemented.

2. INSTALLING CONDENSERS

2.02 Note: The details for the fabrication of the wooden box for housing the KS-6847 Condenser shown in Section G50.681.2 are given in Drawing 38-Y-3105 attached to Section AB67.331. When available, however, the preferred type of box for housing this condenser is the Electrolytic Condenser Housing per Drawing BS-2924. This is a galvanized sheet steel box, 8-5/8 inches high, 6-1/2 inches wide and 4-3/8 inches deep, which mounts on the pole by means of two 1/4-inch by 2-1/2 inch drive screws.
