

PLACING STRAND FROM
A MOVING REEL

NOTES CONCERNING THIS ADDENDUM

This addendum is being reissued to provide additional information concerning the use of rubber gloves while placing strand. It also contains the instructions formerly covered in Issue A of this addendum.

The following should be marked "See Addendum" and treated as indicated:

- Paragraph 2.04 - Added
- Paragraph 2.05 - Added
- Paragraph 4.02 - Note added

2. MOUNTING AND BRAKING REEL

- 2.04 Strand reel trailer may be used to support strand reel instead of strand pay-out frame as shown in Section G51.114.1.
- 2.05 When strand is being placed from a moving strand reel trailer a workman shall attend the trailer to give the necessary signal should the strand over-run the reel, or for other reasons that require the truck to stop.

4. PLACING - JOINT USE LINES

4.02

Note: Rubber gloves may be removed when the suspension strand is connected to a suitable low resistance ground as covered in the section of the practices "Suspension Strand, Placing - Precautions."
