

LASHED AERIAL CABLE
ARRANGEMENT OF SUPPORTS
WHERE NO SPLICE IS PRESENT

NOTES CONCERNING THIS ADDENDUM

This addendum is reissued to delete the information pertaining to an alternate to placing supports and spacers as specified in paragraph 2.01 (a). This information is now covered in other practices. The information on the continuity of suspension strand shall remain in effect.

The following should be marked "See Addendum" and treated as indicated:

Paragraph 4.01 - Supplemented.

4. CORNER POLES OF GREATER THAN 50 FT. PULL

- 4.01 In sketches associated with (a) and (b) No. 6 BRC Solid R Wire may be used as an alternate material for No. 6 Ground wire.

The use of a piece of strand of the same size as the suspension strand is permissible in all areas but must be used in semi and severe corrosive areas as listed in Section 32.129.1.
