

EA CABLE TERMINALS
INSTALLATION

NOTES CONCERNING THIS ADDENDUM

This addendum supplements Section G61.114.2 with information about the location of a vertical run of cable and a change in the height above the sidewalk at which the terminals should be located.

"See Addendum" should be written at Paragraph 3.04 which is replaced and at Paragraph 3.05 which is supplemented.

3. LOCATING EA CABLE TERMINALS ON POLES

- 3.04 At cable deadend where the terminal can be placed on the face or back of a pole, the preferable location is on the aerial cable side of the pole. The vertical run of cable should be on the field side of the pole wherever possible.
- 3.05 The bottom of EA terminals shall not be less than 11 feet above a sidewalk.
