| 2. Arrangements in Manholes ..... | 1           |

### **1. GENERAL**

1.01 This section covers the arrangement of contactors and contactor-terminals on underground cables. This replaces the related information in Section G73.208, Issue 2.

1.02 The methods of mounting contactors and contactor-terminals on cables and manhole walls are covered in another section.

### **2. ARRANGEMENTS IN MANHOLES**

2.01 The following sketch shows the location and arrangement of contactors and contactor-terminals in manholes. The sketch illustrates various arrangements and is not intended to show an actual installation.
