SHARPENING GAFFS

NOTES CONCERNING THIS ADDENDUM

This addendum is being issued to put a limitation on the amount of sharpening of gaffs that may be done in the field. It also provides additional information when sharpening gaff points.

"See Addendum" should be written at the following paragraphs and treated as indicated:

- Paragraph 2.04 - Replaced
- Paragraph 2.05 - Replaced
- Paragraph 2.06 - Replaced
- Paragraph 2.07 - Supplemented
- Paragraph 2.08 - Supplemented

2. SHARPENING GAFFS

2.04, 2.05, and 2.06. Only the POINT of the climber gaffs as covered in Paragraph (2.07 and 2.08) shall be sharpened in the field by the plant forces. When a major sharpening or reshaping operation is required the climbers shall be sent, in accordance with the established routine, to the Western Electric Company for repair.

2.07 and 2.08

CAUTION: THE USE OF LEATHER GLOVES IS REQUIRED DURING THE FILING OPERATION. IT SHOULD BE KEPT IN MIND THAT THE CLIMBER GAFF IS A PRECISION TOOL WITH SHARP CUTTING EDGES AND CARELESS HANDLING OF THE FILE WITHOUT ADEQUATE PROTECTION MAY RESULT IN SERIOUS HAND LACERATIONS.
