## **B SLEEVE EXTRACTOR**

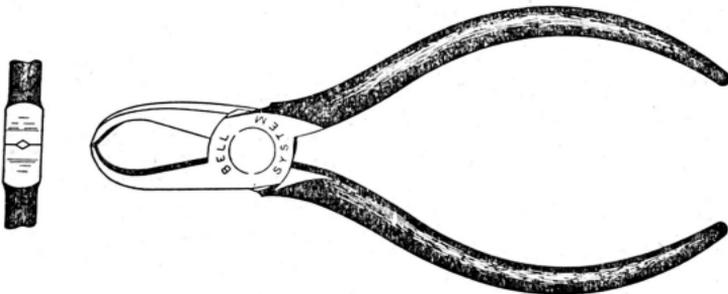

<b>Contents</b>	<b>Page</b>
1. General .....	1
2. Description of B Sleeve Extractor.....	1

### **1. GENERAL**

1.01 This section describes the "B" Sleeve Extractor which is designed for use in extracting the metal binding post sleeves in the wood face plates of C Type Cable Terminals.

### **2. DESCRIPTION OF B SLEEVE EXTRACTOR**

2.01 The B Sleeve Extractor is essentially a pair of pliers with opposing curved jaws having a "V" notch for gripping the metal sleeves in "C" terminal face plates.
