

## **MASONRY DRILL HOLDERS**

### **NOTES CONCERNING THIS ADDENDUM**

This addendum is being issued to cancel certain information contained in this section which is not in accordance with the local safety practice.

The cross-reference "See Addendum", should be written at Paragraph 3.02 which is replaced.

### **3. USE OF DRILL HOLDERS**

3.02 Drill Holders for Electric Hammer are used generally in drilling for wall attachments for house and block cables on inside and outside masonry walls. They are also used in connection with fastening cable racks in cable vaults but should never be used to facilitate masonry drilling operations in manholes.
