

EXTENSION LADDERS

DESCRIPTION

NOTES CONCERNING THIS ADDENDUM

This Addendum supplements Section G83.620.1 with information on the sizes of extension ladders standard in this area and the rubber safety feet with which they are equipped.

The cross-reference "See Addendum" should be written in Section G83.620.1 at Paragraph 2.02 which is replaced herein.

2. DESCRIPTION OF STANDARD EXTENSION LADDERS

2.02 Extension ladders are supplied in six sizes, 20, 24, 28, 32, 36 and 40 foot. (The size of an extension ladder is the sum of the lengths of the two sections). All ladders are equipped with rubber safety feet to prevent slipping. The 20, 24 or 28 - foot sizes may be obtained equipped with rotatable ladder hooks. The C Extension Ladder so equipped is designed for use on both lashed and ring construction. Where older types of ladders are used, the 24 foot or 28 foot extension ladder should be used on ring construction only. The 24 or 28 foot B extension ladder equipped with B ladder hooks may be used on lashed construction.
