EXTENSION LADDERS

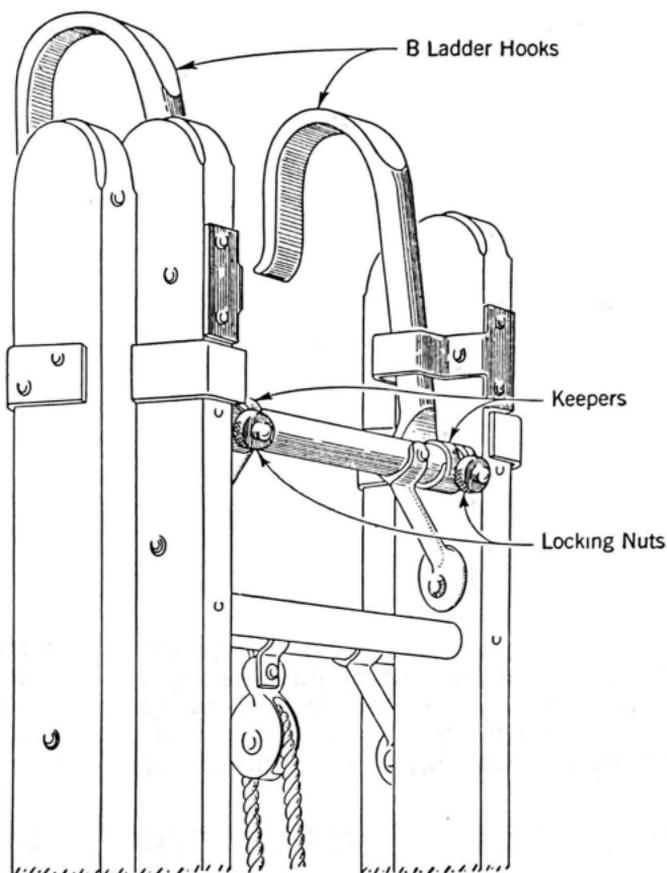

USE OF B LADDER HOOKS

1. GENERAL

1.01 This section provides instructions for using B ladder hooks on B extension ladders.

2. PLACING B LADDER HOOKS ON B EXTENSION LADDERS

2.01 The following illustration shows the manner in which B ladder hooks are mounted on a B extension ladder. The curved keeper should be rotated as far as possible up and toward the back of the ladder and locked in place by tightening the knurled nut securely.

2.02 B ladder hooks should be placed on the ladder only when it is to be used on suspension strand, and should be removed from the ladder when it is being carried on the ladder rack.
