From:
R. R. Conners, Director - North American Numbering Plan Administration

This IL provides industry notification of the impending split of the 205 NPA.

Letter information (includes safety liability disclaimer (if applicable), ordering information, originator's signature information)

We have been advised by BellSouth that substantial telephone number growth throughout the state of Alabama necessitates splitting the existing 205 NPA (area code) and the simultaneous introduction of a new 334 NPA.

The Birmingham and Huntsville LATAs in the northern half of the state including the cities of Birmingham, Huntsville, and Tuscaloosa will retain the 205 area code. The Montgomery and Mobile LATAs in the southern half of the state including the cities of Auburn, Mobile, Montgomery, and Selma will be transferred to the new 334 area code.

The split of the 205 NPA is scheduled for 2:00 AM Central Standard Time, Sunday, January 15, 1995. The permissive dialing period will begin at 2:00 AM Central Standard Time, Sunday, January 15, 1995 and end at 2:00 AM Central Daylight Saving Time, Saturday, May 13, 1995. During the permissive dialing period either 205 or 334 will be acceptable in a dialed number terminating in the new 334 NPA. After the permissive period, calls dialed with incorrect NPA codes, as defined in the NPA split information published in the Local Exchange Routing Guide (LERG), will be routed to intercept. Changes in the local exchange routing information, based on data provided by BellSouth, will be incorporated into the LERG and the NPA NXX Activity Guide (NNAG) and will be available June 1, 1994.

Central offices in the area to be served by the 334 will be modified on a progressive basis to transmit "334" in the calling number Automatic Number Identification (ANI) between January 15, 1995 and May 5, 1995. BellSouth will convert all pertinent records to 334 the weekend of January 13, 1995. This includes customer service records and associated NPA information in other systems. After January 15, 1995, all inquires must refer to the correct NPA code.

Details regarding testing of the new NPA are not available at this time.

The attached map illustrates the 205 and 334 configuration after the split. A listing of the communities to be served by each area code is also included.

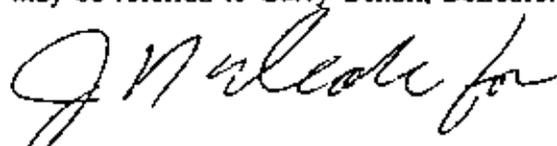

Letter Number IL -94/01-033	Type Informational	Date 1/26/94	Page No. 2
Title NANP-Split of 205 (Alabama) Numbering Plan Area (NPA)		Six Character Internal Project Number(s) 2W4011	

The dialing plan for the new 334 and 205 NPAs will be the same:

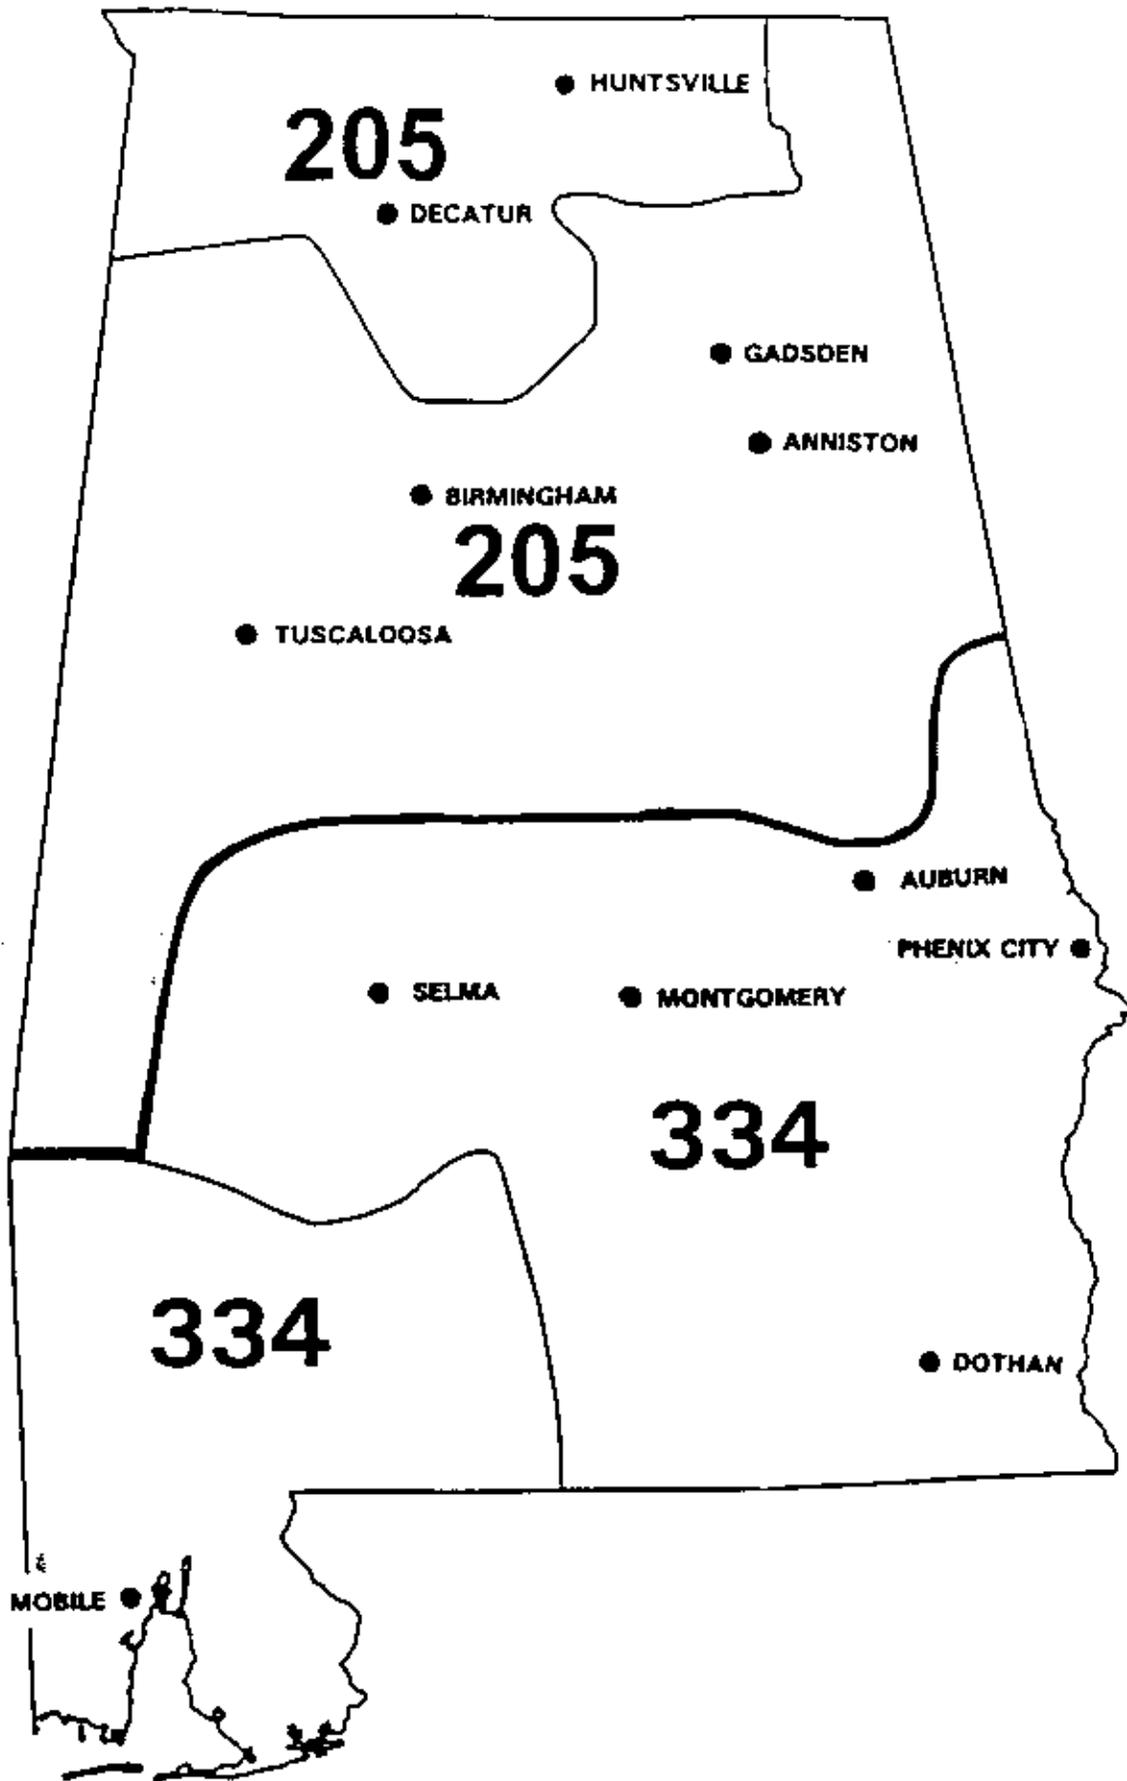

- All home NPA (HNPA) "local" calls will be dialed on a 7 digit basis with no prefix; i.e., NXX + XXXX (7 digits).
- All HNPA direct dialed "toll" calls will be dialed with a prefix "1" and 10 digits; i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).
- All foreign NPA (FNPA) direct dialed "toll" calls will be dialed with a prefix "1" and 10 digits; i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- Operator assisted calls including credit card, collect, and third party calls will be dialed with a "0" prefix and 10 digits; i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

Operational questions concerning the split of the 205 NPA and the introduction of the new 334 NPA may be referred to Joy Payne, BellSouth Telecommunications, on 205-972-2917, or Stan Washer, BellSouth Telecommunications, at 205-977-2668.

Copies of this letter are being forwarded to achieve the widest possible industry distribution and may be reproduced for further distribution as needed. Questions concerning the contents of this letter may be referred to Garry Benoit, Bellcore, at 201-740-4592.
