Abstract

This IL provides industry notification of the impending split of the 312 NPA.

Letter Information (Includes safety liability disclaimer (if applicable), ordering information, originator's signature information)

We have been advised by Ameritech that substantial telephone number growth in Chicago, Illinois necessitates splitting the existing 312 NPA and the simultaneous introduction of a new 773 NPA.

The central commercial area of Chicago (the Loop) will retain the 312 NPA while the remainder of Chicago will receive the new 773 NPA.

The split of the 312 NPA, and the beginning of a permissive dialing period, will take place at 2:00 AM CDT, on Saturday, October 12, 1996. The permissive dialing period will end at 2:00 AM CST on Saturday, January 11, 1997. During the permissive dialing period, either 312 or 773 will be acceptable in a dialed number terminating in the new 773 NPA. After the permissive period, calls dialed with incorrect NPA codes, as defined in the NPA split information published in the Local Exchange Routing Guide (LERG), will be routed to intercept.

The attached map illustrates the 312 and 773 NPA configuration after the split. Also attached is a listing of the central offices and the prefixes (NXXs) to be served by each area code after the split. Revisions to the NXX listing may be found either in the LERG or the NPA/NXX Activity Guide (NNAG). Current information concerning NXXs is available by license contract from the Bellcore Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at (908) 699-6700.

Title NANP-Split of 312 (Illinois) Numbering Plan Area (NPA)		Project Number(s) 5V2020.01	

All international and domestic carriers are asked to ensure that the new 773 NPA has been activated throughout their networks prior to October 12, 1996. Test calls to verify routing to the new 773 NPA can be made by dialing 773-914-1204. The test number will be operational starting August 24, 1996 within the Chicago LATA. It is not expected the test number can be reached from outside the Chicago LATA until shortly before the beginning of permissive dialing. A recorded announcement will indicate that the test call has been successfully completed. Calls to report troubles in reaching the test number should be directed to 847-765-2352. The test number will be disconnected on January 11, 1997.

Dialing procedures for the 312 and 773 NPAs after the split will be the same as those currently used in the 312 NPA:

- All home NPA (HNPA) direct dialed "local" calls and "toll" calls (generally calls that incur an extra charge) will be dialed on a 7-digit basis with no prefix; i.e., NXX + XXXX (7 digits).
- All foreign NPA (FNPA) direct dialed calls will be dialed with a prefix "1" and 10 digits; i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- Operator assisted calls (both HNPA and FNPA) including credit card, collect, and third party calls will be dialed with a "0" prefix and 10 digits; i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

Questions concerning the split of the 312 NPA and the introduction of the new 773 NPA may be referred to the NPA Relief Coordinator, Katherine Davis, Ameritech, on 312-220-8080.

Copies of this letter are being forwarded to achieve the widest possible industry distribution and may be reproduced for further distribution as needed. Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.
