Abstract
This IL provides industry notification of the impending split of the 513 NPA in southwestern Ohio.

Letter Information (Includes safety liability disclaimer (if applicable), ordering information, originator's signature information)

We have been advised by Cincinnati Bell that substantial telephone number growth in southwestern Ohio necessitates splitting the existing 513 NPA and the simultaneous introduction of a new 937 NPA.

The city of Cincinnati and most of the communities in the surrounding Butler, Warren, Hamilton and Clermont counties will retain the 513 NPA. The remaining area in the current 513 NPA will be assigned to the new 937 NPA.

The split of the 513 NPA, and the beginning of a permissive dialing period, will take place at 12:01 AM EDT on Saturday, September 28, 1996. The permissive dialing period will end at 12:01 AM EDT on Saturday, June 14, 1997. During the permissive dialing period, either the 513 or 937 NPA will be acceptable in a dialed number terminating in the new 937. Callers who continue to dial the 513 NPA for calls terminating in the new 937 NPA after the end of the permissive period will hear a recording instructing them to use the 937 NPA.

Following the split of the 513 NPA, Cincinnati Bell will continue as the NPA administrator for the 513 NPA, and Ameritech Services will be the NPA administrator for the new 937 NPA. Requests for central office codes (NXXs) in the new 937 NPA should be submitted to Ameritech Services when the effective date of the NXX is scheduled to occur on or after June 14, 1997.

The attached map illustrates the 513 and 937 configuration after the split. Also attached is an alphabetical listing of communities and associated central offices to be served in each area code after the split. Also attached is a numerical listing of all NXXs and associated communities in each area code after the split. The NXXs on the attached are those in effect as of June 3, 1996. Revisions to the NXX listing may be found either in the Local Exchange Routing Guide (LERG) or the NPA NXX Activity Guide (NNAG).

Title: Six Character External Project Number(s) NANP-Split of 513 (Ohio) Numbering Plan Area (NPA)		Project Number(s) 5V2020.01	

Current information concerning NXXs in these publications is available by license contract from the Bellcore Traffic Routing Administration (TRA) group, which can be contacted by dialing the TRA Hotline at (908) 699-6700.

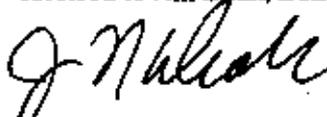

All international and domestic carriers are asked to ensure that the new 937 NPA has been activated throughout their networks prior to September 28, 1996. Test calls to verify routing to the 937 NPA can be made by dialing the following test number, effective August 23, 1996: 37-223-4937. A recorded announcement will indicate that the test call has been successfully completed. The 937 test number will be disconnected on June 28, 1997. Calls to report trouble reaching the test number may be directed to Ameritech Services at 1-800-330-4636.

Existing dialing procedures for the 513 NPA will be retained. Dialing procedures for the 937 NPA will be as follows:

- All home NPA (HNPA) local calls may be dialed on a 7 digit basis with no prefix, i.e., NXX + XXXX (7 digits).
- All HNPA toll calls, i.e., calls that generally incur an extra charge, will be dialed with a prefix "1" and 10 digits, i.e., 1 + HNPA + NXX + XXXX (1 + 10 digits).
- All foreign NPA (FNPA) local and toll calls will be dialed with a prefix "1" and 10 digits, i.e., 1 + FNPA + NXX + XXXX (1 + 10 digits).
- All operator assisted calls, including credit card, collect, and third party calls, will be dialed with a "0" prefix and 10 digits, i.e., 0 + NPA + NXX + XXXX (0 + 10 digits).

General questions concerning the split of the 513 and 937 NPAs may be directed to Roger Werth, Cincinnati Bell, at 513-397-6254.

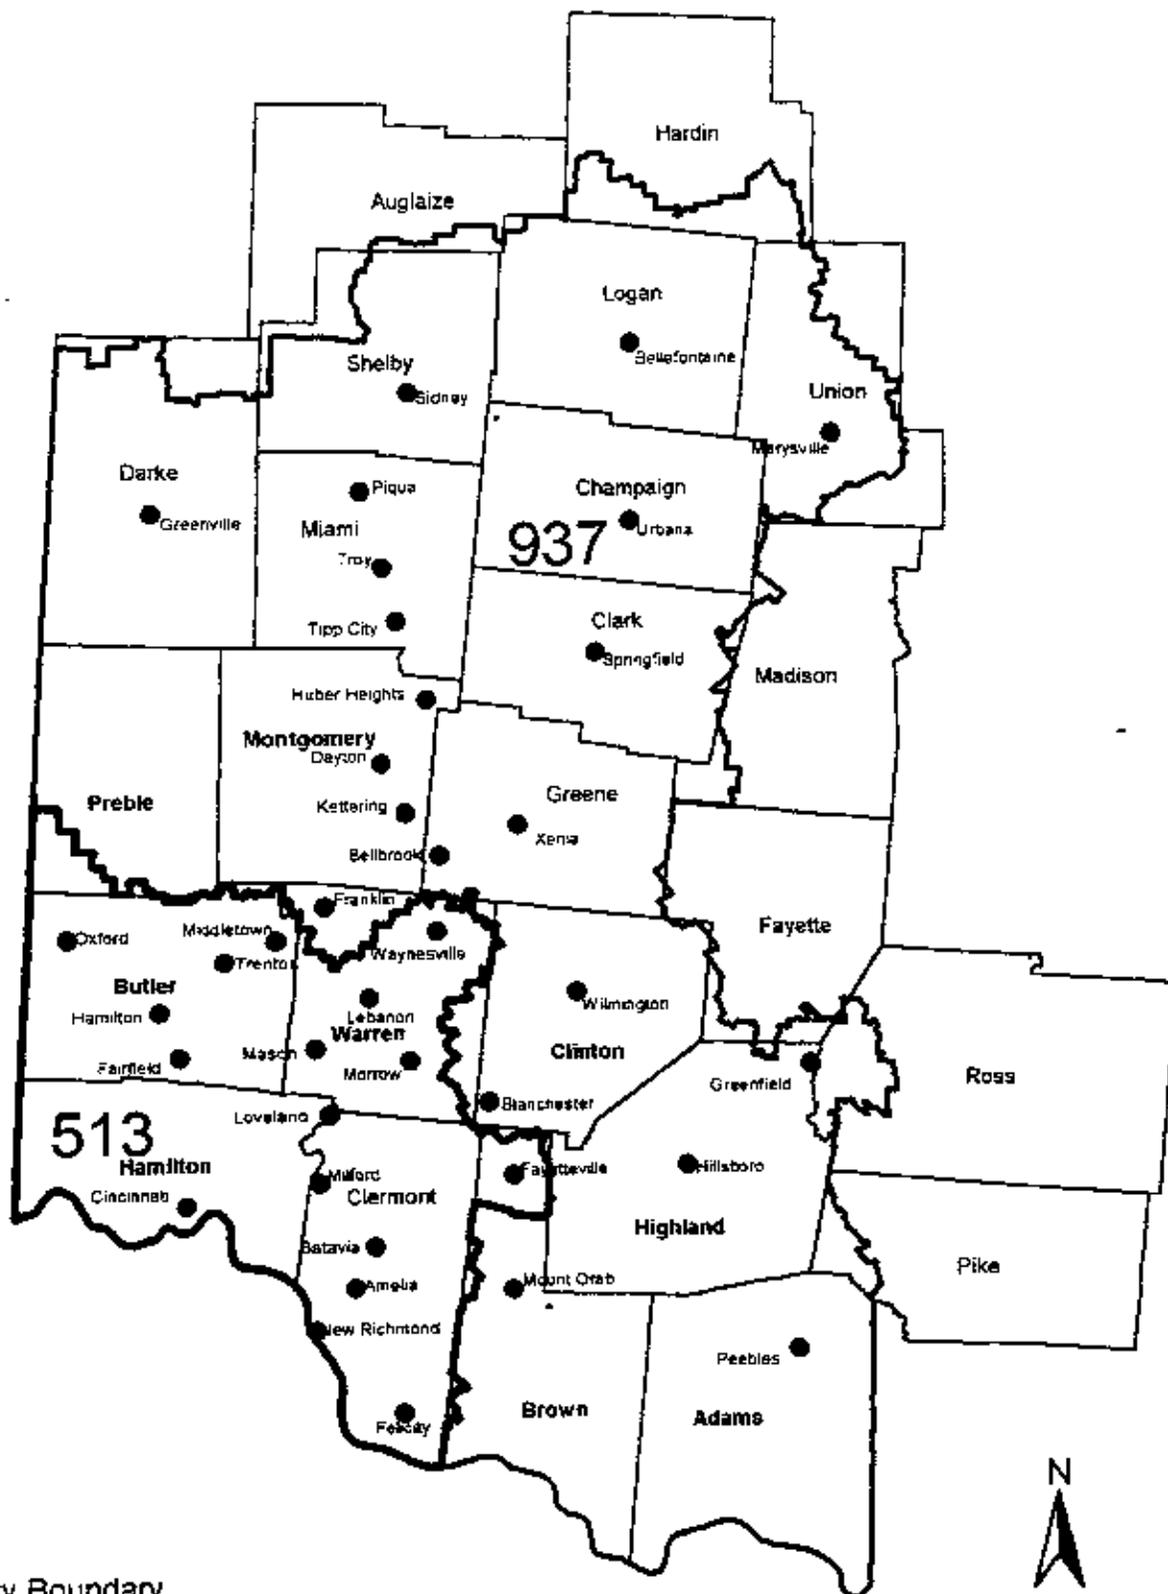

Copies of this letter are being forwarded to achieve the widest possible industry distribution and may be reproduced for further distribution as needed. Questions concerning the contents of this letter may be referred to Jim Deak, Bellcore, at 908-699-6612.
