DISPATCH
SYSTEM

Related Practices

1. GENERAL

- 1.01 This practice is issued to list the current Teletypewriter Automatic Dispatch System (TADS) Bell System Practices that are approved for use.
- 1.02 This replaces Section P65.906.01, Issue B, October 1958.
- 1.03 Unless otherwise noted, all practices listed below are Pacific Company issues.

Section	Issue	Subject
App. 1 P65.906	A	<u>Cancelled.</u> Replaced by P65.906, Issue B
P65.906	B	<u>Cancelled.</u> Replaced by P65.906.00

	Section	Issue	Subject
	P65.906.00	C	Teletypewriter Automatic Dispatch System for Private Line Teletypewriter Service. Mark III - Mark IV Systems
	P65.906.01	C	TADS - Related Practices
App. 1	P65.907	A	<u>Cancelled.</u> Replaced by P65.920, Issue A
	P65.907	A	Teletypewriter Station Equipment Arranged for Teletypewriter Code Selection with or without Automatic Start.
	P65.908	A	Automatic Transmitter Start Unit Arranged for Single Operation (Drawing P92.911.01)
	P65.909	B	Automatic Transmitter Start Unit Arranged for Half Duplex Operation (Drawing P92.911.02)
Add.	P65.910	A	Teletypewriter Station Equipment
	P65.910	B	Automatic Dispatch System (TADS) for Private Line Service Station Selector Equipment P92.901.04
Add.	P65.913	A	<u>Cancelled.</u> Replaced by P65.919, Issue A

	P65.913	A	Teletypewriter Station Equipment Typing Reperforator Control and Tape Feed-Out Circuit for use with TADS (Drawing P92.902.01)
	P65.914	B	Pushbutton Teletypewriter Code Generator Arranged for use with Stations on TADS (Drawing P92.903.31)
	P65.915	D	Teletypewriter Automatic Dispatch System - Automatic Two line Cross-Office (2X0) for Private Line Teletypewriter Service using 60-75 speed (Drawing P92.940.01)
Add.	P65.916	A	Teletypewriter Wilful and Miscellaneous Intercept Equipment Arranged for 60-75-100 speed Private Line Teletypewriter Circuits (Drawing P92.923.02)
	P65.916	B	
	P65.917	A	Teletypewriter Selector Function Plate and Contact Assembly (Drawing P92.905.01)
	P65.918	A	The Teletypewriter Selecting Code Printing Suppressor (Drawing P92.904.01)
	P65.919	A	Teletypewriter Automatic Dispatch System 14 Typing Reperforator Control Unit (Drawing P92.902.02)

Section	Issue	Subject
P65.920	A	Teletypewriter Automatic Dispatch System TADS Station Selector for Teletypewriter Service using 60-75 WPM on Half Duplex Lines (Drawing P92.901.03)
P70.902	B	Teletypewriter Automatic Dispatch System for Private Line Service (TADS)
P92.901.02	A	No. 15 or 19 TTY Station Equipment Arranged for TTY Code Selection with or without Automatic Start Feature
P92.901.03	C	No. 15 or 19 TTY Station Equipment Arranged for TTY Code Selection with or without Automatic Start Feature
P92.901.04	D	TTY Selector Unit, P92.901.04
Add. P92.902.01	B	Tape Feed Out and Control Circuit for No. 14 Typing Reperforator on TADS
P92.902.01	E	
P92.902.02	E	Tape Feed Out and Control Circuit for No. 14 Typing Reperforator on TADS

	P92.903.31	D	TTY Pushbutton Code Generator P92.903.31
	P92.904.01	A	Teletypewriter Selecting Code Printing Suppressor
	P92.905.01	C	Function Plate and Contact Assembly for No. 5 Typing Unit (Uncoded)
Add.	P92.911.01	A	Private Line Service - Automatic Transmitter Start Unit Arranged for Single Operation
	P92.911.01	B	
	P92.911.02	J	Private Line Service - Automatic Transmitter Start Unit Arranged for Two-Digit Calling, Circuit Assurance & Priority
	P92.923.02	H	TTY Wilful & Miscellaneous Intercept arranged for Operation with TADS
	P92.924.01	D	Circuit Assurance - Skip Key Arrangement for use with TADS
	P92.925.01	B	Key and Lamp Cabinet for use with TADS
Add.	P92.940.01	A	2X0 - Automatic Two Line Cross-Office Control Circuit - TADS
	P92.940.01	G	
Add.	P98.950	A	<u>Cancelled.</u> Replaced by P92.901.04, Issue D
	P98.950	A	

Section	Issue	Subject
E12.794.0	F	Teletypewriter Automatic Dispatch System for Private Line Teletypewriter Service
E12.794.1	C	TADS - Automatic Two Line Cross-Office (2X0)
E12.794.2	A	TADS Three Line Automatic Cross Office Assembly
