SECTION P66.003
Issue 3, September, 1952
AT&T Co Standard

**81C1 AND 81D1 TELETYPEWRITER
SWITCHING SYSTEMS**
**LIST OF BSP SECTIONS USED IN
MAINTENANCE**

1. GENERAL

1.01 This section lists the Bell System Practices Sections (other than Teletypewriter—P-Sections) required for the maintenance of 81C1 and 81D1 Teletypewriter Switching Systems.

- A. At Switching Centers
- B. At Outlying Stations

1.02 This section has been reissued to include BSP Sections on the 81D1 System and to make other changes and additions. Unless otherwise indicated, the Sections listed apply to both types of Switching Systems.
