Mr. P. M. Steider  
Traffic Routing Engineer  
American Telephone & Telegraph Company  
811 Main Street - Room 681  
Kansas City, Missouri 64141

Dear Paul,

This is to advise you that Puerto Rico has filed its Inward WATS tariff with an anticipated service date of April 1, 1978.

Code 800 468 has been assigned for the service and Jacksonville, Florida (JCVFLCL01T) has been designated as the TSO. Jacksonville requires 15X for the Puerto Rican service. This information will be included in section 2 of the T.R.G. as soon as is practicable.

In the offering, the 48 contiguous States are all in band 2 and therefore, 152 will be sent to JCVFLCL01T on a direct group or 082 468 should be sent on an alternate route. The necessary translation at all OSO (and any other office that may screen some 800 traffic for some reason or other) and tandem screening offices, if not already done, must be completed by March 17, 1978.
