DHP-307AV

About Your Product

D-Link announces a fast, 200Mbps Powerline AV Network Starter Kit which allows you to network your home computers, networking devices and gaming devices through the most pervasive medium in your house, the electric powerlines. With the Powerline AV Network Starter Kit, you can share Internet connections, printers, transfer files, play games, and more.

Note: For hardware overview, please check the user manual.

Recommendations

- For best results, use in a regular wall outlet without any other product plugged into the same outlet.

Hardware Installation

Step 1

Plug the Powerline AV Network Adapter into an AC wall outlet.

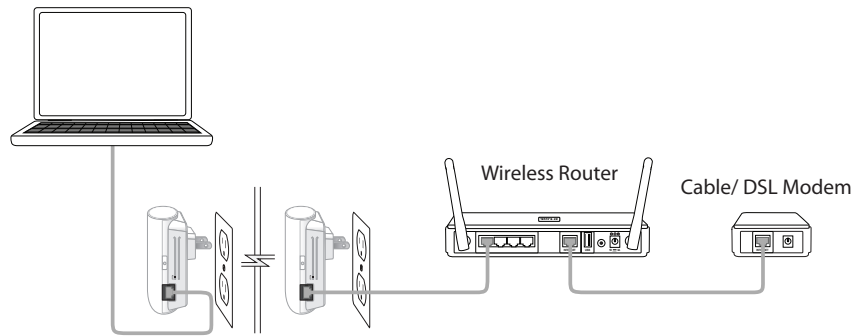

Note: Power source is confirmed when the green LED Power Indicator on the Powerline AV Network Adapter is illuminated.

Step 2

Connect the included Ethernet cable to the network cable connector located on the Powerline AV Network Adapter and attach the other end of the Ethernet cable to the network or PC.

Note: Network Connectivity is confirmed when the Throughput and Ethernet LED indicators on the Powerline AV Network Adapter are illuminated.
