

2006 Ford F-150 Extended Cab Door Handle Disassembly

How to remove door handle cable.

Written By: Francisco Garcia

INTRODUCTION

How to remove the door handle bottom cable.

TOOLS:

- [Mahi Driver Kit - 48 Bit Driver Kit](#) (1)
-

Step 1 — Remove the three screws found at the bottom of the door.

- Use #20 hex star screw driver

Step 2 — Remove the door handle lid that is covering the two 6mm screws.

- Use a small flat screw driver.

To reassemble your device, follow these instructions in reverse order.
