

# 2007-2010 Jeep Compass Dome Headlights Replacement

Step by step guide to replacing your dome light bulbs.

Written By: Nathan Roy

## INTRODUCTION

I wanted to install new LED bulbs into my dome lamp to save on battery juice.

This guide shows you how you can do it without breaking anything.

### TOOLS:

- [Flathead Screwdriver](#) (1)

## Step 1 — Replace Dome Lights

- Take screwdriver and place the flat screwdriver head into the slot.
- Press both inward and down until the dome cover comes loose
- Remove dome and set aside

## Step 2

- Remove bulbs
- Insert new bulbs
- ☒ If bulb doesn't turn on, try putting it in facing the other direction

## Step 3

- Replace dome cover by placing the right side of the cover over the plastic clip and inserting the left side tab into the slot.

To reassemble your device, follow these instructions in reverse order.
