

2009-2015 Toyota Prius Cabin Air Filter Replacement

A video tutorial on how to change the inside cabin air filter on a 2009-2015 Toyota Prius.

Written By: eCuration

INTRODUCTION

The inside cabin air filter is essential as it filters out the pollutants as outside air enters the vehicle. Replace the filter once every year to keep the inside nice and fresh.

Follow this video tutorial by YouTuber [Jonsbasecamp](#) to complete the replacement yourself.

TOOLS:

- [Pair of Hands](#) (1)

PARTS:

- [Cabin Air Filter](#) (1)

To reassemble your device, follow these instructions in reverse order.
