

3DR Solo Phone Holder Replacement

Guide for removing the phone holder from the 3DR Solo controller.

Written By: Francia

INTRODUCTION

This guide shows the steps for detaching the 3DR Solo's phone holder from the controller.

TOOLS:

- Phillips #0 Screwdriver (1)

Step 1 — Phone Holder

- Take the controller and turn it so that the 3DR logo is facing you.

Step 2

- Using the PH0 Phillips head screwdriver, unscrew the two screws located above the 3DR logo.

Step 3

- Hold the controller with one hand, and the phone holder with the other hand. Pull the phone holder upward, away from the controller.

Step 4

- Separate the phone holder from the controller.

To reassemble your device, follow these instructions in reverse order.
