

# Acer Aspire One Happy Dissassembly

Dissassembly of the Acer Aspire One Happy.

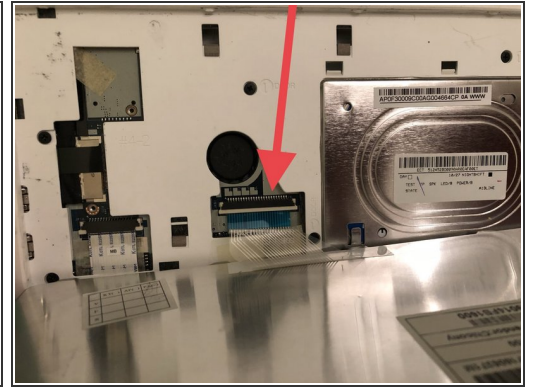

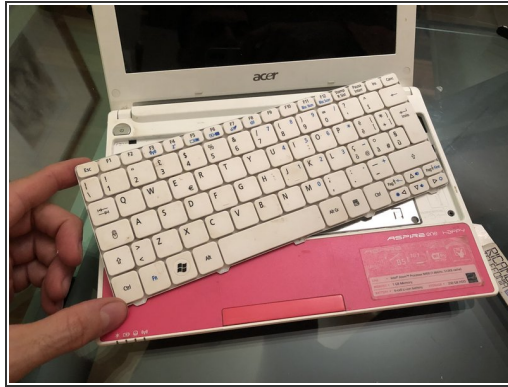

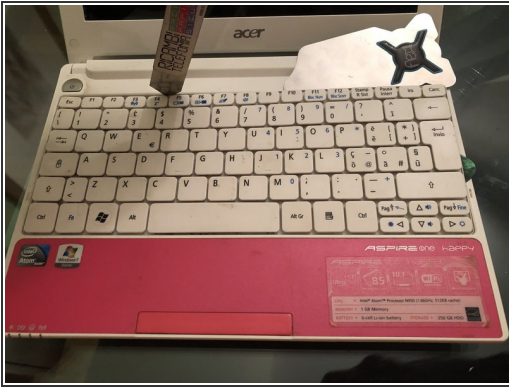

Written By: Smilzo

# INTRODUCTION

Use this Dissassembly guide to learn how to disassemble certain parts of your Acer laptop

## Step 1 — Acer Aspire One Happy Dissassembly

- Remove the keyboard by using a lever-like motion with thin tools on the joints along the keyboard.
- Carefully lift and disconnect the flat cable from the motherboard

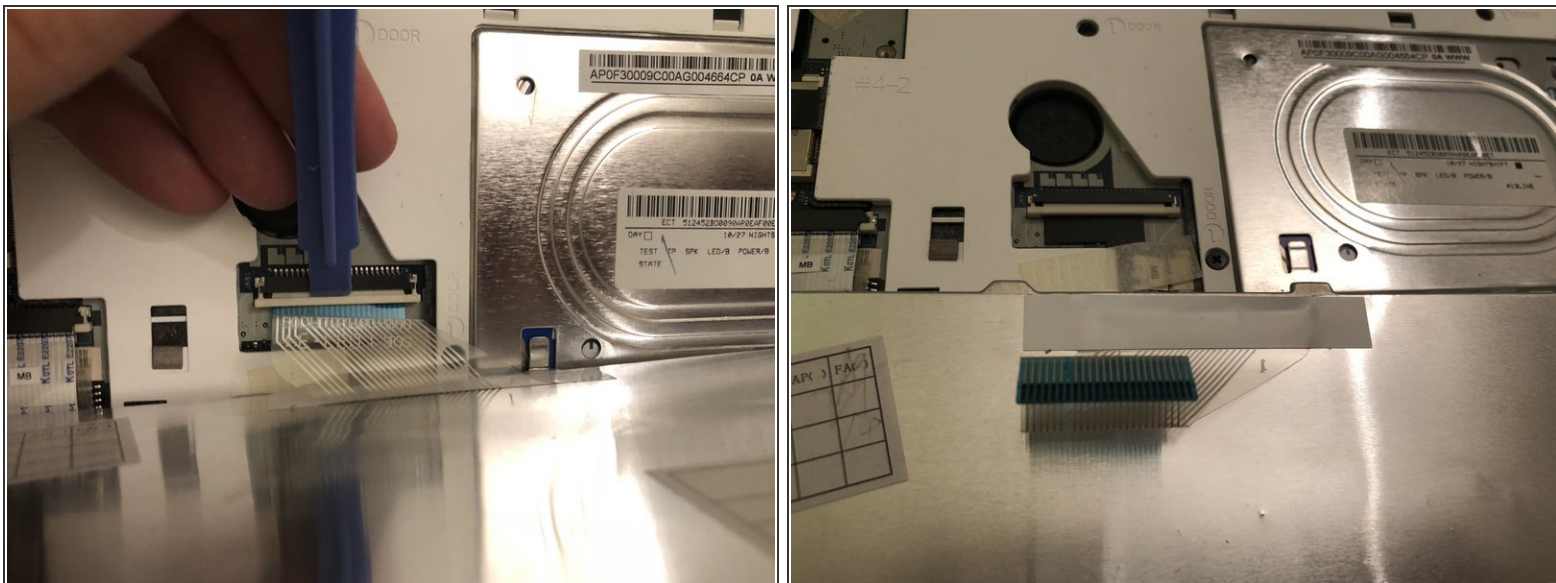

## Step 2

- Disconnect the battery

## Step 3

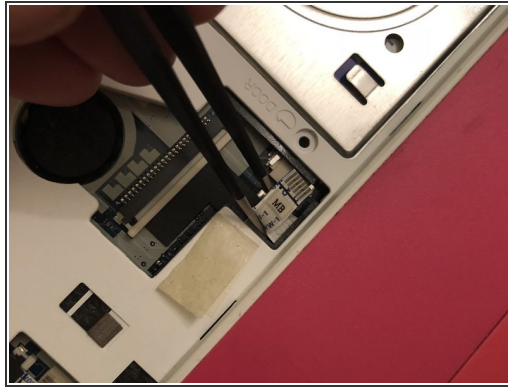

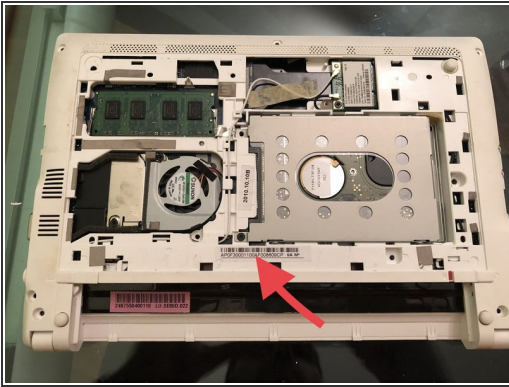

- Disconnect the keyboard connector and remove the keyboard

## Step 4

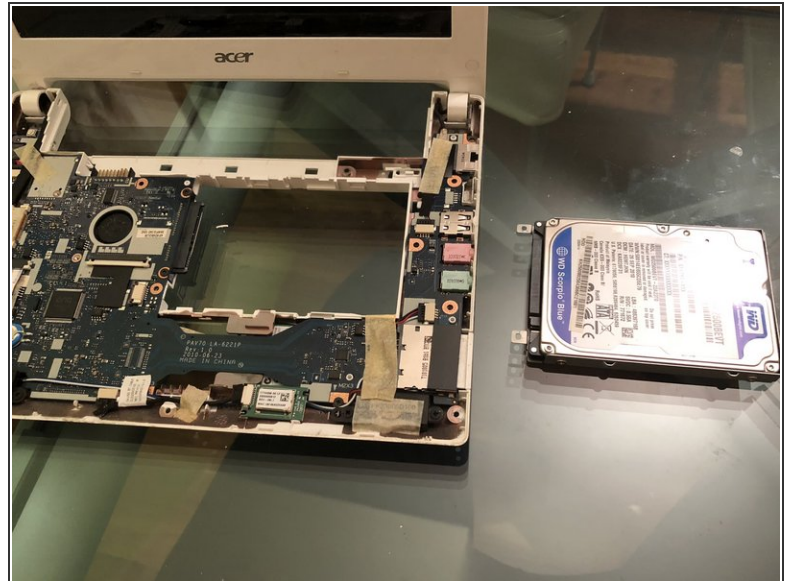

- Remove the eight screws that secure the lower shell.
- Remove the lower shell
- ① Spudgers and/or a Jimmy work nicely for this step.

## Step 5

- Remove hard disk screw
- Disconnect the cable shown on image 2.
- With a thin tool, unhook the hooks that hold the upper shell together from the central shell. Separate them.

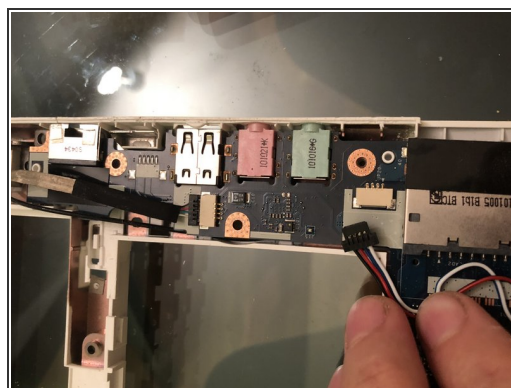

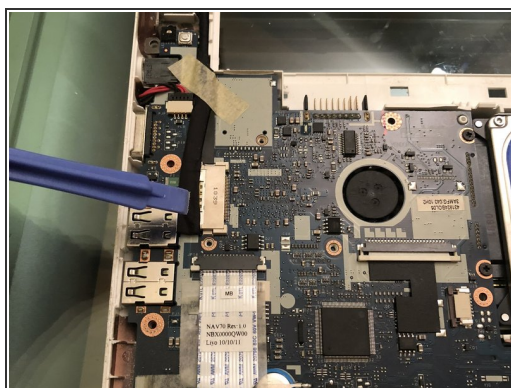

## Step 6

- Separate the top case shell
- Remove the hard drive

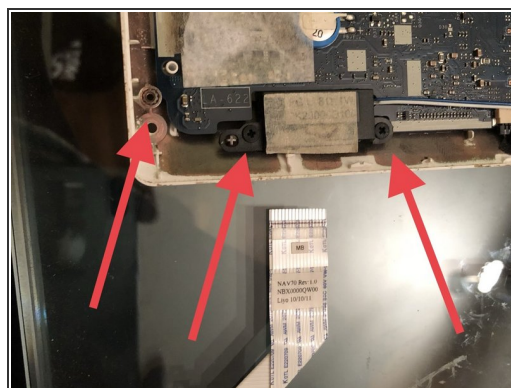

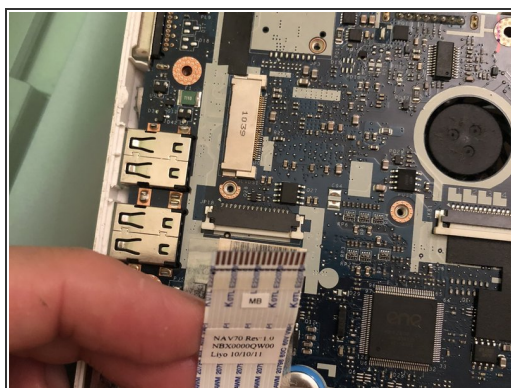

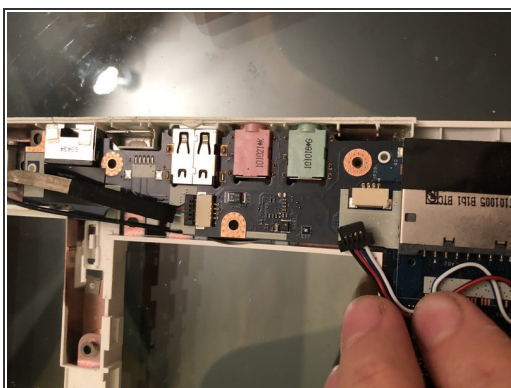

## Step 7

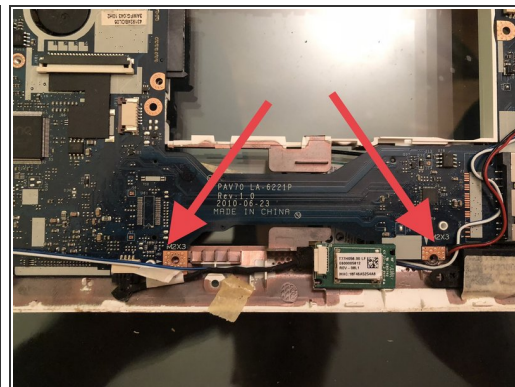

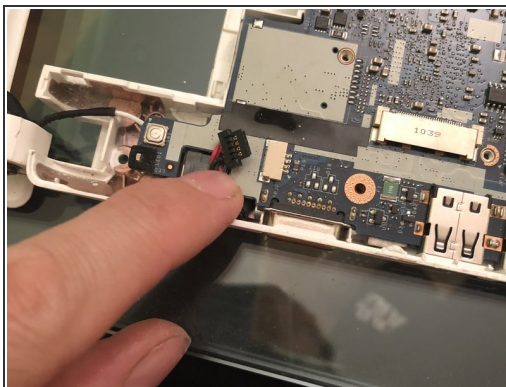

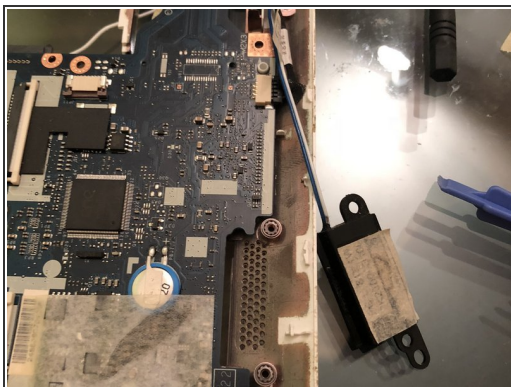

- Disconnect the WiFi card
- Disconnect the display cable

## Step 8

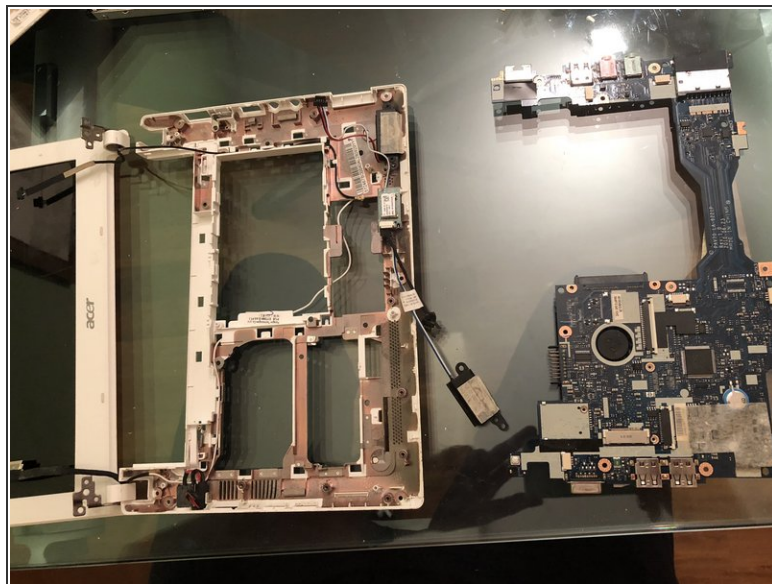

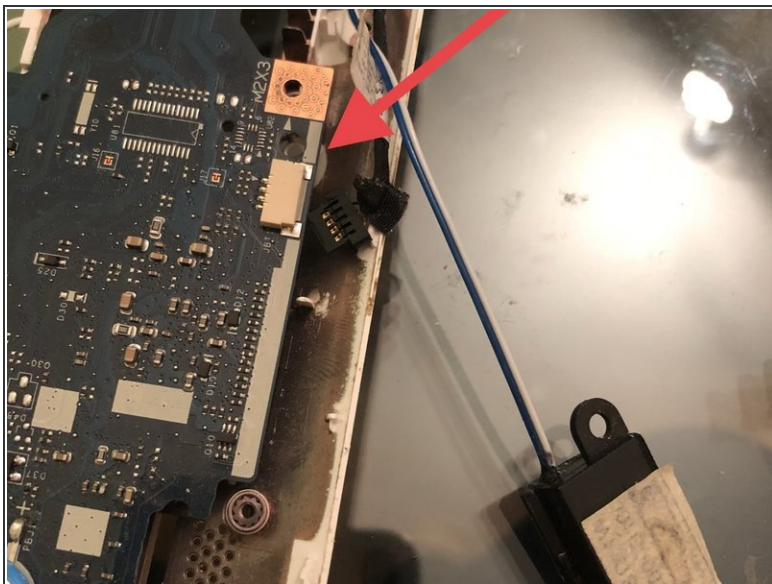

- Unclip the connectors
- Remove the 3 screws securing the card in place. Remove the card after it is free

## Step 9

- Remove the speaker
- Release the connectors
- Remove the 2 screws that secure the motherboard to the laptop

## Step 10

- Release the connectors
- Carefully remove the motherboard from the laptop

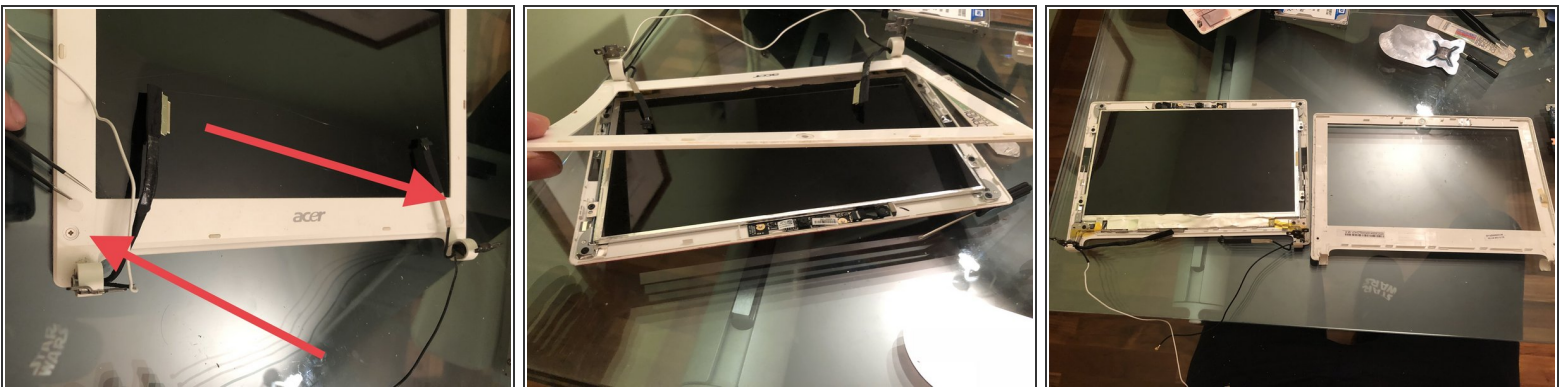

## Step 11

- Remove both of the left and right screws holding the display assembly to the laptop

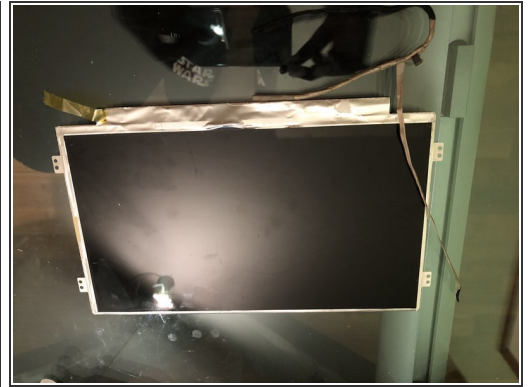

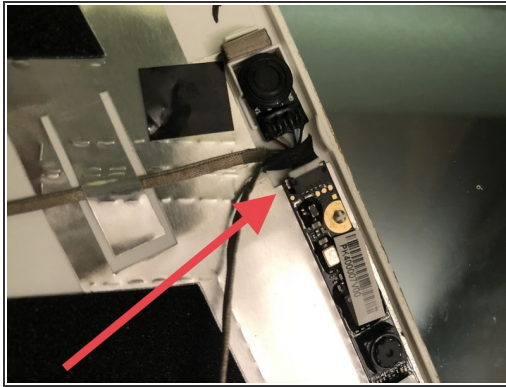

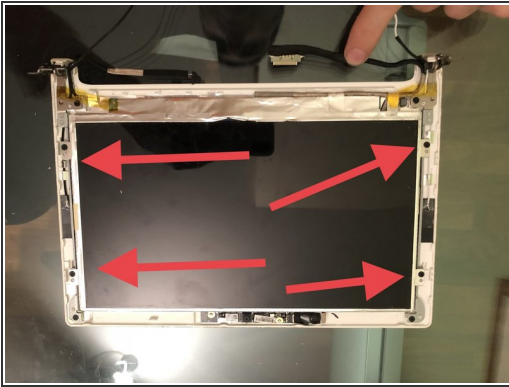

## Step 12

- Remove the adhesive that covers the 2 screws.
- With an opening pick or Jimmy, separate the bezel from the LCD assembly.
- Remove the bezel

## Step 13

- Remove the 4 screws on the display
- Disconnect the display cable
- Remove the LCD

To reassemble your device, follow these steps in reverse order.
