

Apple iPod Hi-Fi Batteries Replacement

How to remove and replace the batteries of the Apple iPod Hi-Fi.

Written By: Timothy Scheuermann

INTRODUCTION

This guide details how to replace the batteries in the Apple iPod Hi-Fi speaker system.

TOOLS:

- [Coin](#) (1)
 - [Spudger](#) (1)
-

Step 1 — Batteries

- Put your coin in the battery lock on the back of the iPod Hi-Fi. Turn the coin to the left to release the battery panel.
- Remove the battery panel with your hands.
- ⓘ You can also use a metal spudger or flathead screwdriver to open the battery lock instead of a coin.

Step 2

- Remove the six D batteries from the device.

To reassemble your device, follow these instructions in reverse order.
