

Asus EEE PC 1000HD Battery Replacement

How to replace the battery in the Asus EEE PC 1000HD.

Written By: Evan Lee

INTRODUCTION

How to simply replace the battery on the Asus EEE 1000HD laptop. No tools are needed for this replacement, but you should (preferably) have a new replacement battery on hand.

Step 1 — Battery

- Place the device face down.

Step 2

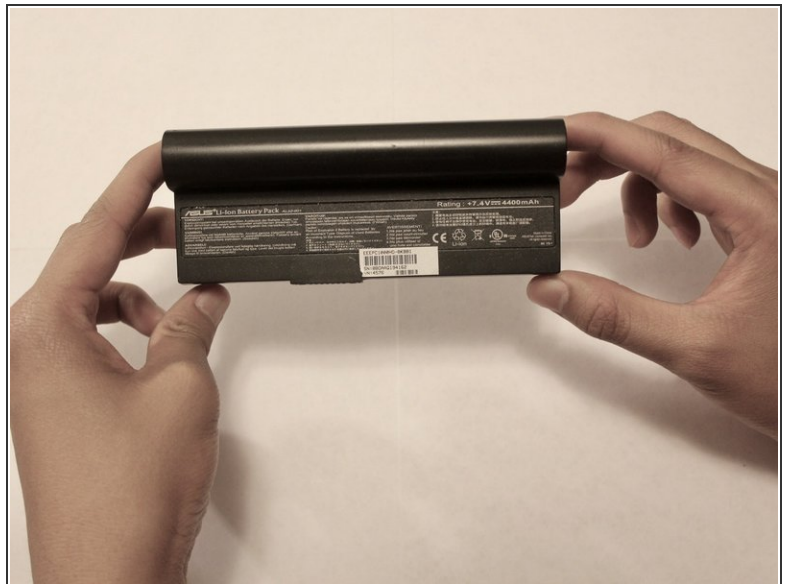

- Shift the unlocking switch to the right.
- ⓘ A click should indicate a successful unlock.

Step 3

- Slide and hold the unlock mechanism switch located on the left side of the battery to the left.
- Simultaneously use your other hand to push the battery outward.

Step 4

- The battery should now be separated from the device.

To reassemble your device, follow these instructions in reverse order.
