

# Asus Eee PC 1005PEB Battery Replacement

Removing the battery from Asus Eee PC 1005PEB

Written By: Aaron Arenas

## INTRODUCTION

The battery is located on the bottom of the laptop. Before starting the guide, make sure the laptop's charger is not plugged in. No tools are needed for this guide.

## Step 1 — Battery

- Start by placing the laptop upside-down on a flat surface.
- Find the two clips on the back portion of the laptop.

## Step 2

- Using your finger, push the clip labeled with a "1" on the laptop from the lock position to unlock position.

*(i)* This clip will hold itself, so after you move it to the unlock position you can remove your finger.

## Step 3

- Using your finger, push and hold the pin indicated by a "2" on the laptop from the lock to unlock position.
- While holding this pin in the unlock position, use your other hand to pull the battery horizontally away from the laptop.

***(i)*** When the pins on the battery that reach towards the laptop are away from the laptop, you can release the "2" clip.

## Step 4

- Using both hands, pull the battery horizontally away from the laptop.

To reassemble your device, follow these instructions in reverse order.
