

Asus Transformer Pad TF103C Speakers Replacement

Replacing the speakers on an Asus Transformer Pad TF103C.

Written By: Tyler Ellis

PARTS:

- [ASUS Transformer Pad \(TF103C\) Speaker Assembly](#) (1)

Step 1 — Speakers

- Make sure power is off.
- Insert the plastic opening tool on the side of the tablet.
- ⓘ You can use a thin screw if you don't have an opening tool.
- Gently pull upwards and carefully pry open the Transformer pad.

Step 2

- Slide the tool along all four edges and continue to pull the tool upwards.

Step 3

- Remove the back cover once it is detached and set it aside.
- Rotate tablet to match picture.

Step 4

- Carefully unplug rainbow cable from motherboard.

Step 5

- Use plastic opening tool to carefully pry the battery out from frame.

Step 6

- Use the +J000 screwdriver to remove screws four from speakers.

☑ Keep the screws together and organized. (Label, if necessary).

Step 7

- Take ground wire out from the top of TF103C-L(Left) speaker.

⚠ If you pull on the wire to much it will break off.

ⓘ if you break the wire off you can solder it back on

Step 8

- Remove the tape and unplug wire that attaches to both speakers from soundboard.

Step 9

- Remove two speakers from frame.

To reassemble your device, follow these instructions in reverse order.
