INTRODUCTION

If your Asus Zenfone 3 Max phone (Model-identification: ZC520TL) back cover is damaged or bent this guide will help you remove back cover and replace it with a new one. Before you begin, please note that the replacement of the back cover must be done with great care, as you can potentially damage other parts of the device.

🔧 TOOLS:

- iFixit Opening Tools (1)

Step 1 — Back cover

- Using an iFixit opening tool, gently wedge the tool between the phone and the back casing.

- Move the opening tool up and down to pry the back off of the device.

Step 2

📌 Once the original cover has been removed, apply the new cover to the back of the phone with careful pressure.
