

Bionaire BAP 600 Base/Intake Replacement

This guide instructs the user on replacing the base or the intake vent in the Bionaire BAP 600 .

Written By: Nick Miller

INTRODUCTION

This guide instructs the user on replacing the base or the intake vent. This is a prerequisite guide for replacing the air filter as well.

Step 1 — Base/Intake

- Rotate base counterclockwise, supporting top with opposite hand.

Step 2

- Pull base away from housing exposing air filter.

To reassemble your device, follow these instructions in reverse order.
