

Black and Decker Pivot Plus PD600 Pivot Button Replacement

This guide will explain how to install the pivot button on the Black and Decker Pivot Plus PD600.

Written By: Ryan Angelich

INTRODUCTION

The pivot button may need to be installed if problems such as jamming of the button occur. This guide will outline how to install the pivot button on the Black and Decker Pivot Plus PD600.

TOOLS:

- [Phillips #1 Screwdriver](#) (1)
-

Step 1 — Pivot Button

- Remove the screw located on the opposite side of the black half of the button with the lock symbol with the Phillips #1 screwdriver.

Step 2

- After the screw is removed, take off both sides of the button.
- ⓘ You will be left with 3 pieces. Two halves of the button (a black piece with a lock on the front, and a circular orange piece) will be left over along with a spring.

To reassemble your device, follow these instructions in reverse order.
