INTRODUCTION

This repair guide shows how to remove the battery on the BlackBerry 8703e.

🔧 TOOLS:

- iFixit Opening Tools (1)
- Spudger (1)

Step 1 — Battery

- Position your phone like the first image so that the highlighted button is on your left.

- Slide the battery cover to the left while pressing the button with one hand and applying pressure on the center of the phone with your other hand.

- Remove the cover completely and set it aside.

Step 2

- Position your phone like the image to the left, then locate the rectangular battery in the middle of the phone.

- Locate the notch on the top right of the battery compartment.

- Slide your fingernail or the flat end of a Spudger in the notch, then lift upwards on the top of the battery to remove it from the phone.

- Set the battery aside and out of the way.

To reassemble your device, follow these instructions in reverse order.
