

Blackberry Storm 9530 Battery Replacement

How to replace a Blackberry Storm 9530 battery.

Written By: melanie lim

INTRODUCTION

This guide will instruct you on how to access, remove, and replace your Blackberry Storm 9530 battery.

Step 1 — Back Cover Removal

- Locate the two switches toward the bottom corners of the device's back cover.
- Use your thumbs or fingers to push the two switches forward at the same time and detach the back cover from the device.
- Check to make sure the back cover has fully detached from the device. You should be left with two separate pieces: the back cover, and the device with exposed internal hardware.

Step 2

- Identify that the battery is visible once the back cover has been removed, and locate the battery in the rectangular-shaped top half of the device.
- Pry apart the battery and back of the device using the flat end of your spudger tool.

-
- ⓘ Your battery has a specific orientation resembling a horizontal rectangle. Make sure the gold colored leads are aligned with the gold colored strips on your battery before reassembling.
-

To reassemble your device, follow these instructions in reverse order.
