

# Brookstone Big Blue Unplugged Battery Replacement Battery Replacement

Removal and replacement of the battery on Big Blue Unplugged bluetooth speaker.

Written By: Alex P

## INTRODUCTION

The replacement battery is available for purchase here;

<http://xpresstekstore.com/3200mah-high-c...>

### TOOLS:

- [Phillips #1 Screwdriver](#) (1)
- [Flathead Screwdriver](#) (1)

### PARTS:

- [Big Blue Unplugged Replacement Battery](#) (1)

## Step 1 — Introduction

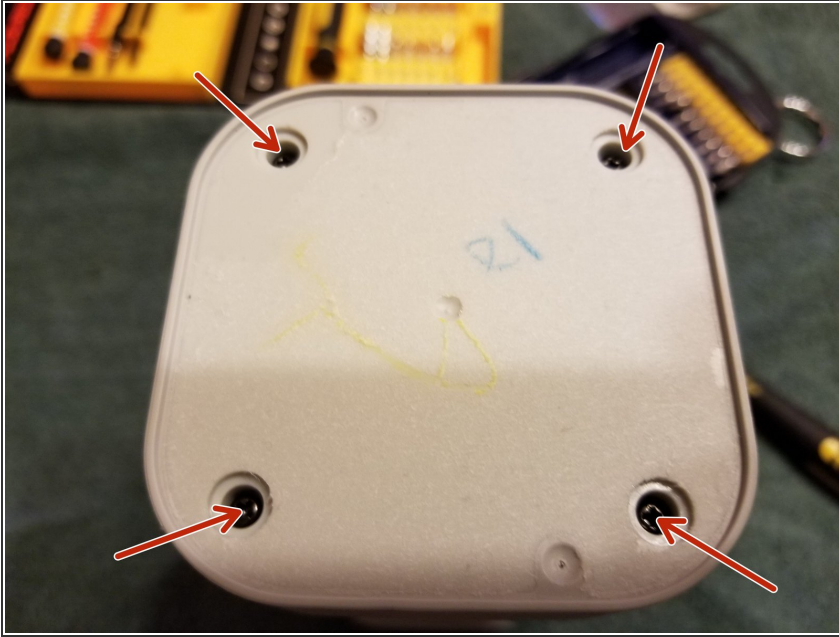

- Big Blue Unplugged is a little brother of the Big Blue Party.

## Step 2 — Remove bottom cover and screw hole plugs

- The bottom cover is simply glued in place. Use a flat tip screwdriver to lift a corner and then peel it off the bottom.
- Use small flat tip screwdriver to pry 4 screw hole covers out.

### Step 3 — Remove bottom screws.

- Use #1 Phillips screwdriver to remove 4 screws from the bottom.

### Step 4 — Take the cover off

- The bottom cover should come right off when you pull on it.
- You should see the battery now.

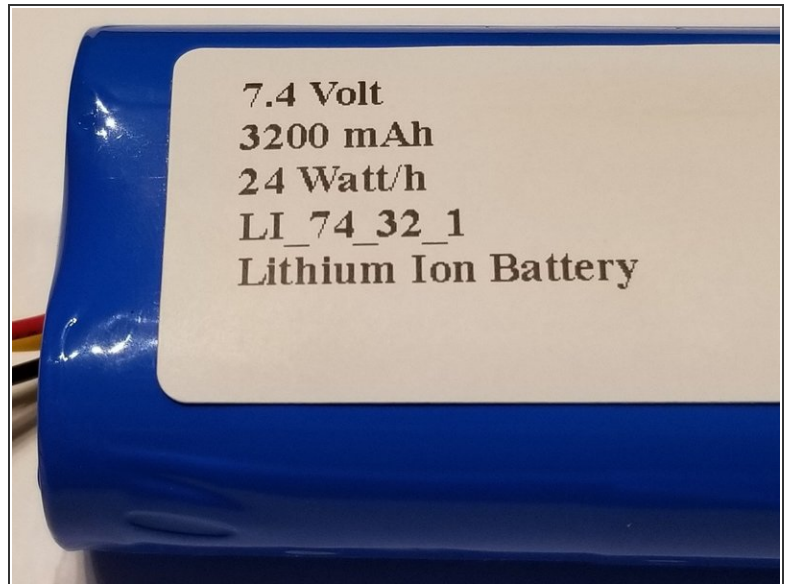

## Step 5 — Remove the battery.

- Remove the tape holding the battery in place.
- Unplug the battery by pulling apart white plastic connectors.

## Step 6 — Reassembly

- Connect new battery
- The easiest way to fit the battery, is to put it into the bottom cover first and then put the cover back on the unit.
- The bottom cover will go on one way only - Brookstone logo facing the front.
