## Step 1 — Scanner Glass

- Slide the plastic opening tool under the plastic to unpeel it from the glass.

- Gently pry the plastic framing from the glass.

- Repeat on the other side.

Step 2

- Remove the front plastic frame.

Step 3

- Wedge the plastic opening tool under the glass and pull up.

- Slide the glass forward.

- Remove the glass.

Step 4 — Scanner Bar

- Remove the scanner bar.

- Replace the scanner bar back onto metal center bar.

To reassemble your device, follow these instructions in reverse order.
