Canon EOS 300 Side Panel with Lever Replacement

Removing the side panel with the lever that locks the film door.

Written By: Jordan Tang

INTRODUCTION

This guide removes the side panel of the camera, allowing for repairs on the side lever.

🔧 TOOLS:

- Phillips #00 Screwdriver (1)

Step 1 — Batteries

● Open up the battery door.

Step 2

● Remove the batteries from the camera by sliding them out into your palm.
Step 3 — Side Panel with Lever

- Release the side latch to open the back panel.

Step 4

- Remove the two black 4.5mm screws above and below the latch.
