

# Canon PowerShot S410 Top Buttons Replacement

Removing the top "picture taking" button panel for cleaning or replacement.

Written By: Ryan Bolton

## INTRODUCTION

This guide will show you how to remove and replace the button panel on the top of the camera.

### TOOLS:

- [Phillips #00 Screwdriver](#) (1)

## Step 1 — Battery

*(i)* Turn the camera with the bottom side facing up.

- Locate the panel labeled "Batt. Open"
- Place your finger on the panel and slide it in the direction of the arrow.
- The slot will swing open revealing the battery pack.

## Step 2

*i* Rotate the camera so that the slot is horizontal.

- Pull the orange lever and the battery will spring out slightly.

## Step 3

- Grasp battery and fully pull out of slot

*i* When placing the new battery back in the slot, the arrow on the battery must align with the arrow on the camera.

## Step 4 — Back Cover

*i* Start by laying the camera flat with the LCD screen facing up.

- Remove the 3.8mm screw in the upper right corner.

## Step 5

*i* Position the camera with the bottom facing up.

- Remove the 4.8mm screw.
- Remove the two 2.3mm screws.

## Step 6

*(i)* Position the camera so that the rubber "AV Out Digital" tab is facing upward.

- Slide this rubber tab out of the way to reveal the bottom screw.
- Remove the two 3.7mm screws.

## Step 7

*(i)* Turn the camera with the back side facing you.

- Grip the edges of the back plate, and carefully slide it off.

**!** If there is any resistance in movement, double check there are no screws left in the chassis.

## Step 8 — Front Cover

*(i)* Orientate the camera as in the picture.

- Remove the two 2.3mm outer screws.
- Remove the two 3.8mm screws near the strap bracket.
- Remove small panel covering mounting bracket.
- Remove door covering memory card.

## Step 9

- ⓘ Rotate the camera so that the bottom side is facing you.
- Remove the 3.8mm screw below the mounting bracket.

## Step 10

- ⓘ Rotate the camera so that the front is facing you.
- Grasp sides of front cover and carefully pull the front panel off of the camera.

## Step 11 — Top Buttons

ⓘ Turn the camera so that the right side is facing you.

- Using your fingernail, gently pry up the clip holding the button panel in place along the side of the camera.

## Step 12

ⓘ Turn the camera so that the back side is facing you.

- Pry up this small clip with your fingernail.
- The button panel will dislodge from the top of the camera allowing you to remove and replace it.

To reassemble your device, follow these instructions in reverse order.
