INTRODUCTION

If your battery needs to be replaced or if you forgot how to place it back in this guide will show you how to do so.

Step 1 — Battery

- To open battery cover, slide the cover to the right.

- Ensure there is 1 cm of space between the cover and camera case.

- Lift cover from the right side.

Step 2

- Insert battery to where the arrow is pointing.

- Push down until you hear a click to ensure the battery is correctly inserted.

- Close battery lid and make sure there is a click.

- Power camera on.

To reassemble your device, follow these instructions in reverse order.
