INTRODUCTION

This guide will aid you in removing and replacing your SD Card.

Step 1 — SD Card

- Open the screen compartment.

- Position the camcorder so that the screen is facing you.

Step 2

- Find the SD card compartment.

- Place your finger under the slot and gently slide it forward to open the compartment.

Step 3

- Gently push on the SD card until you hear a "click". The SD card should pop out.

- Remove the old SD card by pulling it out.

To reassemble your device, follow these instructions in reverse order.
