

Carrera Mario Kart 8 Peach Battery for the Remote Control Replacement

Is your remote control not turning on?

Written By: Jesus Cobas

 **TOOLS:**

- [Phillips #00 Screwdriver \(1\)](#)

 **PARTS:**

- [AAA Battery \(2\)](#)

Step 1 — Battery for the Remote Control

- Flip the remote control with the face down.

Step 2

- Take the Philips screwdriver and twist the screw counterclockwise on the middle right side.

Step 3

- Use the plastic opening tool to remove the battery cover and the batteries.
- Dispose of the old batteries properly.

To reassemble your device, follow these instructions in reverse order.
