

Clarke Floor Sander 07012A 2012 Dust Bag Replacement

Prerequisite steps for the Clarke EZ-8 floor sander dust bag removal.

Written By: Taylor Dixon

INTRODUCTION

This is a prerequisite guide for the dust bag removal procedure of the Clarke EZ-8 floor sander.

PARTS:

- [Clarke Bag, Dust 53741A](#) (1)
-

Step 1 — Remove the dust bag

- Pull on the dust bag to remove it from the dust tube.
 - ⓘ If the dust bag doesn't slide off easily, gently twist it back and forth while pulling to free it from the tube.

To reassemble your device, follow these instructions in reverse order.
